

## WHAT DOES NAEYC ACCREDITATION MEAN FOR YOUR CHILD?

*This school is proud to be NAEYC Accredited. Choosing an NAEYC accredited program means you have chosen a program that will have an enormous impact on your child's lifelong learning. But, you may ask, "How does NAEYC Accreditation benefit my child?" Each one of NAEYC's exceptional standards directly affect the quality early childhood education your child receives.*

### NAEYC FEATURES

#### **The Mark of Excellence**

NAEYC Accreditation is considered the GOLD STANDARD in quality for early childhood programs.

#### **Quality Facilities and Equipment**

The facility and the equipment in a NAEYC accredited program exceeds that of the competition.

#### **Research Proven Curriculum**

The curriculum available in a NAEYC accredited program is research proven.

#### **Professionalism of Teachers**

The teachers at an NAEYC accredited program meet professional standards for education and training that far surpass state standards.

#### **Strive for Excellence**

The management and staff are constantly working on maintaining and improving the quality of the care.

#### **Accountability**

NAEYC continuously monitors program quality through unannounced visits and annual reports.

#### **First Choice for Military Families**

NAEYC is the accreditation of choice for the families of members of the United States Armed Services.

#### **A Stellar Reputation in the Industry**

NAEYC accreditation is well known and respected among educators and health professionals. In fact, many professionals place their own children in NAEYC accredited centers.

### HOW THIS BENEFITS YOUR CHILD...

Your child will attend a program that experts consider to be the best in the business.

Your child will work and play with materials and furnishings that are considered the optimal tools for learning.

Your child will receive an education that more than prepares him for kindergarten and the rest of his or her school career.

Your child will be taught by a teacher that knows how to provide an early childhood program that maximizes learning.

Your child will always receive a program that keeps up with what is current in the industry.

Your child will grow academically as the program consistently improves through each stage of development.

Your child will be attending a program that has received the seal of approval from the US Department of Defense.

Your child will be in good company with children from families who know and value good quality education.
